

# Welcome to Clairgate Public School

## Kindergarten Information

Thank you for your enrolment at Clairgate Public School. We look forward to welcoming your family to our school in 2023.

The aim of any transition program is to get to know our students and our families and make the transition as smooth as possible. Therefore, we are eager to meet and to get to know a little more about your child before next year.

We would like to invite you to attend an interview on either Tuesday 18th October or Wednesday 19th October, 2022. These interviews are an integral part of the enrolment process and will ensure a smooth transition into school life for your child. They must be completed before orientation for each new student that enrolls at Clairgate.

The interview will take the form of a brief meeting with Ms Ana Paulic, Assistant Principal and Mrs Lisa McNally, Deputy Principal. The purpose of the interview is to welcome you to our school. It also provides a time for you to discuss and ask questions about the education of your child and to inform the school of any special needs they may have.

Please see the attached flyer for instructions on how to log on to the School Interviews website and book in your appointment time.

Below are some important dates to include in your diary. More information regarding these dates will follow soon.
