

Dear Students, Parents and Caregivers,

The *WOWEE* Program is *Ways Of Working Extension and Enrichment.*

The extracurricular enrichment experience program is designed to encourage motivated students to work hard and continue to succeed.

It allows for an intrinsic love of learning to be catered for and acknowledged. The program will have students working towards developing independent higher order thinking skills and more critical ways of thinking as they learn and present information.

The idea of WOWEE is that an open ended task will be set for an extracurricular project appropriate to their stage of learning.

The activity is completely voluntary and the child will chose to participate if they want to.

2023- Term One's focus is a " My Culture" focus.

This is supportive of the focus and the celebrations of Harmony Day at Clairgate this term.

The children are able to use their creative flair to produce information on their culture in any style they wish.

These individual projects can be written information, dioramas, masks, artworks or even sculptures.

Their imagination can drive their designs!!

This will be no extra work in the classroom

This will be an activity totally completed in the child's own time at home.

Mrs McInally will be responsible for feedback for these wonderful presentations.

Please forward completed projects to Mrs Mac no later than the end of Week 10 :-)

Friday, 31st March, 2023.
