Important Information: In the event of injury, no personal injury insurance cover is provided by the NSW Department of Education for students in relation to school sporting activities, physical education lessons or any other school activity. The Department's public liability cover is limited to breaches by the department in its duty of care to students that result in claims for compensation. Parents and caregivers are advised to assess the level and extent of their child's involvement in the sport program offered by the school, school sport zone association and state school sport associations when deciding whether additional insurance cover is required. Personal accident insurance cover is available through normal retail insurance outlets. The Department of Education has School Ambulance Cover which provides coverage in the event that students have no other form of ambulance cover. It provides coverage for students at school or on an organised, fully supervised school excursion or sporting activities. The NSW Supplementary Sporting Injury Benefits Scheme, funded by the NSW Government, provides limited cover for serious injury resulting in the permanent loss of a prescribed faculty or the use of some prescribed part of the body. The Supplementary Scheme does not cover medical expenses or dental costs. Further information regarding student accident insurance and private health cover is provided
