# Kindergarten - Term 2, Week 2: Focus (sounds) c & k (sight words) and - for - looked

## A message to the parents -

Kindergarten will be working on the following tasks throughout the week. Each task has been broken down into steps and has an estimated time for completion (though this may differ for each student). Teachers are hopeful that students will spend approximately 2 hours on learning tasks throughout the day, please ensure students have adequate breaks where needed (suggested breaks have been inserted).

In the table below, you will also find a list of additional ideas (online and offline) you may use to support your child's learning at home where appropriate and if time allows. Attached are a series of pages (one for each day) that will assist you to complete tasks and/or provide additional support. All tasks will be completed in the home learning journal, booklet provided OR on Seesaw. Please do not hesitate to contact your child's teacher for further clarification or assistance. Any students not completing tasks online are kindly asked to forward a photo of a completed task each day. Warm up tasks highlighted in pink will require the internet - they are followed by an idea to do offline. Tasks to be completed in the booklet or home learning journal (both provided) are highlighted in yellow. Tasks highlighted in green may be completed on your seesaw if you prefer this to completing in the booklet. All writing and handwriting tasks will be completed in the home learning journal and on booklet pages provided.

## Science (20 minutes)

Over the past few weeks you have been tracking the weather daily using the symbols we developed at the start of the unit. Indigenous Australians have also used symbols for thousands of years to track, describe and tell stories about the weather. The symbols we will use today can often represent more than one thing but for today we are going to think about the weather each represents. Use (draw) the symbols provided below to tell a story - complete the story on the template provided OR in your seesaw journal.
